

MiniTest

The Fitter's Companion

Dairy Vacuum & Pulsation Meter

Need a meter to leave on the pulsator test bench, or in the glovebox for that quick check, but don't want to spend \$thousands\$ on a full test kit?

Now there's an accurate cost-effective instrument that fits the bill perfectly.

NEW AND
IMPROVED
MINITEST!

- Longer battery life
- Faster sampling
- Larger screen

AT NO EXTRA COST!

- Measures Pulsation (A+B, B, C, D, Rate) and Vacuum (Min, Avg & Max)
- Accurate ($\pm 0.3\text{kPa}$ typical) with internal protective dust filter.
- Large easy-to-read digital display.
- Complete with carry case, spare batteries, manual & silicone tubing.
- Uses two Alkaline 'AA' batteries (accepts NiCd and NiMH rechargeables).
- 1 year warranty
